How to Take Action Against Cyberbullying as Parents

• Help your child decide when to block or unfriend someone, and when to ignore a comment

• Most app’s/social media sites offer a procedure for reporting inappropriate posts – educate yourself about the steps

• Communicate with your child’s school and help them to do an investigation

Friend to Friend is a school-based intervention program designed by experts at Children’s Hospital of Philadelphia to reduce relational aggression among high-risk 3rd to 5th grade girls as well as improve the broader classroom climate in urban schools.
